No 242 Bangalore District Treasr.

Account Branch

Dated 26th June 1877-

To

The Deputy Commissioner

Bangalore District.

Sir

With reference to your letter No 88 of 11th Instant, I have the honor to State that in the Bangalore Taluk, the irregation Cess used not to be shewn Separately from the general assessment from the Commencement, and on receipt of your No 684 of 29th July 1876 to the address of the Deputy Accountant General under Cover of his docket, the Amildar was Called upon to report the amounts recovered on this account, and he furnished the marginally noted figures and reported that the Same had been Credited under this: Local Cess in the Taluk accounts, and on this being reported to the Deputy Accountant Genl: he instructed my predecessor to make up the amount, thus raised.

2900-9-5

1872/73 Rs 1415-13-2
73/74 " 1484-12-3
74/75 " 2189-11-7
75/76 " 1790-4-10
Total Rs. 8880-9-16.

in other sums by Crediting the future realizations of one anna and half anna Cess on Land Revenue to the Head of Irrigation Fund (Copy of this docket Enclosed).

2- While the totals for years 1874-75 and 1875-76 furnished to the Treasury are those given above, the Amildar appears to have furnished you with totals viz of Rupees 2945-12-9 for the first year and Rupees 2802-4-10 for the second year for insertion in your Budget and in para 3 of his subsequent explanation to Yourself, the sum total of Rupees 2946-12-9 a moiety is debitable to the one anna Cess to the District Fund and the other moiety with Rupees 715-5-3, the irrigation Cess of Surnamunium Village, make up a total of Rupees 2189-11-7 for 1874-75 under this Head, thus showing that the figures furnished by him to the Treasury were Correct.

3. As regards the year 1875-76 he States that a sum of Rs 1011-12-4 have been added to the sum originally

reported to the Treasury which would give a total of Rs 2802-11-10 for that Year according to the above explanation the total of those two Years ought to be Rs 4991-12-5 while the Treasury total Comes to Rupees 3980-11-5 and the reasons for the difference between these totals are apparent in the explanation itself,-

4991 12 5
3980 11 5
1011-12-0 ✓

4 It is clear from the Mazadi Amildar's report, that he has reported to You only Such amount as he thought would be debitable to the head Irrigation Cess; his figures must therefore be taken by themselves, and there is no reference of them in the Treasury—

5. In Conclusion, I have to point out that the figures reported by the Amildar to the Treasury not only fall Short of the amount which he has furnished you, but also those given by the Dy. Accountant Genl and I am not in a position to Say how the Deputy Accountant Genl arrives at Rs 6492-11-11 to be realization during 1874-75 and 1875-76-

The undersigned has the honor to point out that the error committed by the amildar of the Bangalore Taluk in Crediting the Irrigation Cess to the head of Miscellaneous Local Cess instead of Irrigation Fund is a serious one, he should be warned not to repeat it -

In order to rectify it the Treasury officer will credit the future realizations of the Bangalore Taluk of one anna & half anna Cess on Land Revenue to the head of Irrigation Fund until the following Sums are made up namely -

The Supdg Engr states he is unable to give an opinion as to the necessity for the repairs without inspecting the tanks.

It is presumed the D/Com has satisfied himself by a personal inspection as to the actual necessity for carrying out the repairs.

In the Supdg Engrs

Should a sum of Rs 3032 have been provided for the repair of 9 tanks - of these only 5 (Nos 1, 2, 3 5 & 9) are proposed to be repaired at a cost of Rs 1503 as against an estimated provision of Rs 1982 -

The amount provided on the Budget for Tank No 8 is Rs 150, but the estimate now sent is for Rs 399 -

For other tanks on proper to be repaired at a cost of Rs 752 for which no provision exists, and it is presumed that the repair of Tanks Nos 4 & 6 if included in the Budget is to be defined for the present.

From the correspondence in the Supdg Engr No 41 of 7th April 78 it appears that the works have been put in hand. As the Budget provision of last year has lapsed, it may be ascertained what amount has been expended on each work up to 31st March last previous to the Estimates being accepted as proposed & a note recorded accordingly & instructions issued for proper expenditure of the grant in future.
